You made a very good choice on sending Astrid away chef hiccup

I know she would lead a freedom fighter group with the other teens but if they don't have me or Astrid they'll split apart.

You now all that within forty - eight hours that's impressive you've covered much ground hiccup

Riley like it matters I've held up my part of the deal now it's your turn

Of course hiccup just like I promised you can do whatever you wish to-

My father Stoick the vast I'll see to the old man and give him his death wish ha, ha, ha see ya later Alvin.

no, no

No!

Ah huh, huh i- it was all a nightmare but it felt so real did I have dreams like this before?

I know what that girl said know is true Alvin's not- not my friend he's my enemy.

But why would Alvin lie to me? Unless someone is trying to tell me otherwise, _but my brain was yelling the answer to my question it was yelling no Alvin is the bad guy! But my body is telling me otherwise, I had to many mixed signals. Was toothless right to have tried to protect me from Alvin?_

I have to talk to someone about this nightmare I had, but with who? Ah ha that girl said that a person named Gothi would heal my wound so if I go see her and tell her about my nightmare I can get answers to my questions!

_But I might not have a lot of energy yet _

I've made my disigon so I'm going to Gothi's house

uh gah uh I feel weird like- like my whole body is on fire.

*later*
